WHAT IS THE WAA?

The Sterling College Athletic Department is dedicating to producing quality student-athletes, committed to success both in the classroom and on the field of competition. The purpose of the Warrior Athletic Association is to give alumni, current and past athletes, parents, and fans of Warrior sports the opportunity to partner with Sterling College and financially support our current student-athletes.

We believe a high-quality athletic program reflects positively on Sterling College and helps fulfill its unique mission to develop servant leaders who are going to change the world in which they live. The WAA recognizes the value of intercollegiate competition in the pursuit of this goal. We understand student-athletes "win" in bigger and better ways through a college athletic experience that teaches teamwork, dedication, achievement in the face of adversity, and the importance of a vibrant faith in all areas of life. The excellence learned on the field and on the court shapes our alumni into strong, productive contributors in all the communities they call home.

The support of the WAA helps ensure the legacy of academic and athletic success at Sterling not only continues, but also continues to grow. Each donation directly affects the educational and athletic experience of our students. Facility and equipment improvements, transportation and travel costs, and postseason competition are just a few of the ways your support directly enhances the experience of our student-athletes.
