OUR PROGRAMS

Christian Ministries

Our Bachelor of Arts in Christian Ministries degree prepares you to assume leadership in churches, Christian schools, camps, para-church ministries, missionary organizations, and Christian publishing companies, as well as to pursue various avenues of graduate study. You will learn more about the Bible and its origins, church history, and basic Christian doctrine from an evangelical and reformed perspective. Your studies will challenge you to grow in your faith and dedication to servanthood as you train to become a Christian leader in your community.

Theological Studies

Our Bachelor of Arts in Theological Studies degree provides you with a broad-based understanding of biblical, theological, and philosophical truth. As you journey throughout the program, you will be encouraged to develop a deeper relationship with God, self, and humanity as you prepare for a lifetime of service. Our Theological Studies program prepares you for leadership in Christian education, college, teaching, pastoral ministry, community development, chaplaincy, seminary, as well as graduate school in various disciplines.

Whether you are currently serving as a Christian leader or are simply interested in growing your personal faith and dedication to servanthood, our program will help you reach your goal.
