YOUR IMPACT WHEN YOU DONATE

You enable students to study and graduate from Sterling College

Tuition does not cover the entire cost of a Sterling College education. Your giving to the Sterling Fund fills the gap between what students pay and the actual cost. As a college student, you were likely the recipient of financial gifts from alumni and friends, even if you were unaware at the time!

You contribute to building a great college

Your giving means more than the size of your gift. Institutions flourish with the commitment of its alumni and friends who support the mission of the school. Reputations are built one year at a time, and the value of a Sterling College diploma grows because of your support.

You assist with student recruitment

Your giving contributes directly to the scholarships that Sterling College can offer to prospective students. The more scholarship money the College has to offer, the more students will come to Sterling College.

It is an important signal to foundations as they consider giving to Sterling College

Many foundations inquire about alumni giving, and may make giving decisions based on the percentage of alumni who give to the College. Your gift greatly matters!

Student affordability has quickly become the leading challenge facing higher education, and students attending Sterling College are not exempt. Shrinking state and federal grants, high-interest loans, and the increasing cost of delivering a quality, Christ-centered higher education make things very difficult for today's students and their families. Your partnership with SC makes a lasting, positive impact in the lives of these students.
