## Class of 2017

### How many graduates did we have (by Major)?

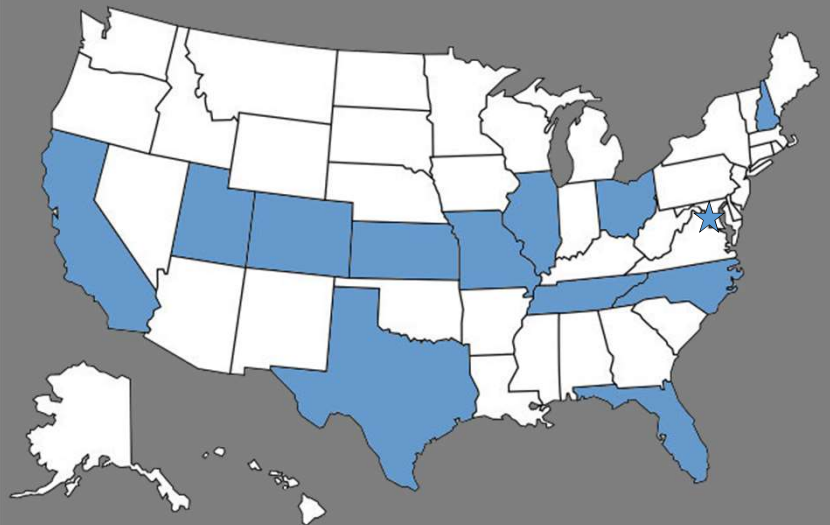

### How many had internships?

... of our students had at least 1 internship before graduation.

### Where were those internships?

Our students had internships in 12 states and Washington, D.C. By far, most of the internships were in Kansas...not surprising since many are worked on and around campus, and the school districts where our future-teachers perform their clinical teaching tend to be close to campus.
