In order that Sterling College maintains well-qualified faculty in keeping with the institutional mission, the master's degree in the content field shall be considered the preferred minimum education requirement for teaching at Sterling College, or a combination of tested experience may be used to determine faculty who are qualified outside credentials alone. Those individuals who do not meet the preferred qualifications shall present a minimum of six credit hours per year toward the required degree, or minimum level of graduate credit hours in the field. This plan for continued study must be developed in consultation with the Vice President of Academic Affairs.
